**PRESS RELEASE  
FOR IMMEDIATE RELEASE**

**Realistic Builders Wins Finished Basement/Bonus Room & Bathroom in Wisconsin Builders Association's 2025 Badger Craftsman Awards**

**Racine, WI – (July 2, 2025) –** The Wisconsin Builders Association (WBA) named the thirteen winners of the 2025 Badger Craftsman Awards last week at the Celebration of Housing event. Realistic Builders was announced as winner of two categories, Finished Basement/Bonus Room & Bathroom.

In its fourth year, the Badger Craftsman Awards program is facilitated by WBA, with members submitting their projects in a wide range of categories including; new home, bathroom, smart home, remodel whole house, and more. Categories were voted on by members and the public over a four week period.

"We are constantly wowed by the work our members do, and we wanted to share that work with other members and the public," said WBA Executive Director Brad Boycks.

"We are delighted to have won not one but two 2025 Badger Craftsman Awards," said Adam Billingsley, CEO & President of Realistic Builders. "It is a fantastic achievement, not only to win these prestigious awards, but equally for being recognized by the public whose votes were included as well. Our team has been creating unique, custom spaces like these for over four decades, and to be recognized with these awards is truly an honor."
